

## MAGNUM PROFILE NIPPLES

### INNOVATION REVEALED

The Magnum Profile Nipples offer an expandable versatility to downhole selection. Any desired number of Magnum Profile Nipples can be placed in the production string, thereby offering an unlimited number of positions for setting and locking surface controls.

### Features

- Maximum versatility to reduce completion and production maintenance costs
- Run in the tubing while snubbing in the hole
- Full opening after pulling locking mandrel
- All nipples can be manufactured with premium threads and materials
- A large bore to permit maximum flow capacity
- Reusable universal nipples with one internal profile
